----------------	----------

OLIVE GROUND in the old Cervar 300m from the sea.

On the cultivated and maintained terrain, in full bloom, we have planted an old variety of Istrian olives more than 200 years "Istrian Rožinjola" and a couple of olives Lečina for pollination.

Olives have a very high yield each year, are not chemically treated and contribute extra quality olive oil.

Dear clients, the agency commission is charged in accordance with the General Terms and Conditions, in accordance with the Agency's price list.
